Website Title: Barangay Malongon Official Website

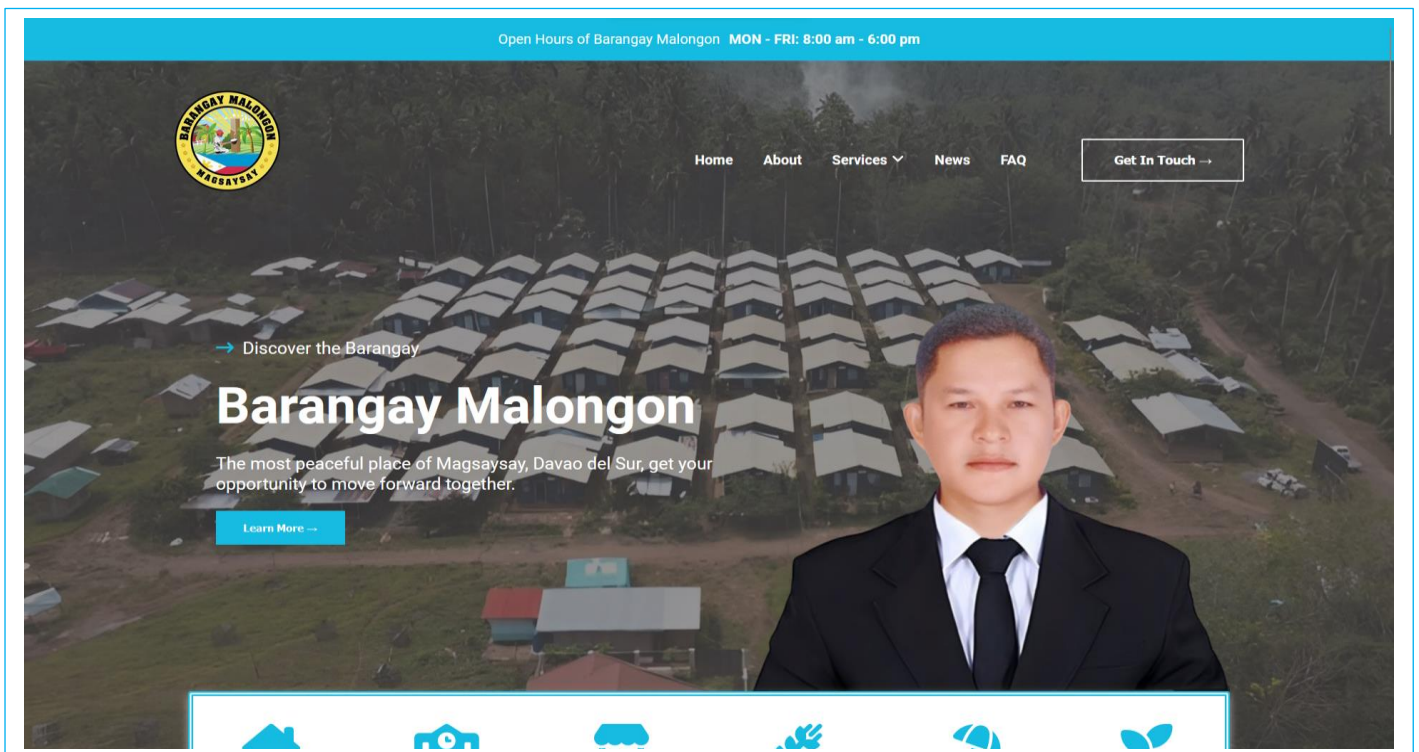

Website URL: <https://barangay-malongon.000webhostapp.com/>

Final Project Repo URL: <https://github.com/CarlHernan/IntroToComputing-Website-Project.git>

Challenges Repo URL: <https://github.com/CarlHernan/IntroToComputing-Challenges.git>

The primary objective of the **Barangay Malongon Official Website** is to act as an informative and user-friendly platform catering to the residents and stakeholders of Barangay Malongon. With a structure encompassing seven pages—ranging from the home page, about page, daily updates, certificates, and profiling services to news, frequently asked questions (FAQ), and an intriguing Peek and See page—this website aims to deliver crucial information about barangay services, keep everyone abreast of the latest news, and address common queries. It's designed with simplicity and accessibility in mind, ensuring that everyone can easily navigate and benefit from the wealth of information it provides.
